Order of Application

The following is the proper order of application when using TimeWise® Volu-Fill® Deep Wrinkle Filler in conjunction with the TimeWise® Miracle Set 3D™ and TimeWise Repair® Set.

What is the order of application with my TimeWise® Miracle Set® skin care routine?

- If a TimeWise® Miracle Set 3D™ customer wants to use the TimeWise® Volu-Fill® Deep Wrinkle Filler, the recommended order of application is slightly different from the user who uses the TimeWise Repair® skincare line (see the order of application below).
 Application instructions: Apply directly to wrinkles and gently pat in place with fingertips. Wait a few minutes before applying moisturizer. As a rule of thumb, no matter what your skincare routine is, for daytime use, **be sure to follow with a sunscreen product.**
- For AM, when using the TimeWise Repair® Volu-Fill® Deep Wrinkle Filler, follow with a sunscreen product. Thus, we recommend applying the TimeWise® Age Minimize 3D™ Day Cream SPF 30 * **AFTER** the Wrinkle Filler. While daily and effective broad spectrum sun protection is an essential part of any skin care program, it is especially important when using a product that contains retinol.
