

Ultimate Mascara Survey

1. Did you find that it thickened and lengthened your lashes more than the mascara you're using now?
2. Did you find that it was smudge resistant and long-lasting?
3. On a scale of 1 to 5 (with one being no different and 5 being much better) how does it compare to the mascara you are currently using?
4. If you had the choice of purchasing this mascara over your current one, would you?

If Yes... Let me ask you, would you like to purchase it or get it for free?

FREE?.... All you have to do is get together with me and 2 or 3 of your friends, at your convenience, and give your opinion of our skin care line. Doesn't that sound easy?

Which is better for you, morning or evening?
